Simple Explanations

The home visit was friendly and professional and it was no trouble for the consultant to explain things in simple terms. I would fully recommend them, and appreciated the no pressure approach.

Christine

Helpful and Precise

We made an appointment about our Wills and LPAs, and the advice was excellent. Everything was explained in an understandable way, and at no stage did we feel pressured. We wouldn't hesitate to recommend Severn to anyone.

Martyn

No Pressure Purchase

The meeting was excellent. The consultant supported us through our decision making journey, taking the time to explain any areas we were unsure about. At no time were we pressured into purchasing anything.

First Rate Service

We chose the Platinum package and have been helped and guided through a very complex tax structure to help mitigate later life tax implications.
